Project in Nut-shell

70,000 Tons / year Powder making	Rs.
Building 17760 Sq. Feet Construction	17760000
Land 5 Acre	25000000
Machinery	56160000
Utilities	7500000
Total Initial Investment	106420000
Working capital Needed	16500000
10000000 Sq. M Board making	
Board Making 107640 Sq. Feet	107640000
Land 4 Acre	20000000
Machinery	112320000
Utilities	30000000
Total Initial Investment	269960000
Working capital Needed	40000000
Misc. Investment on the project/ Unforeseen expenses / cost escalations / land cost differences and transfers et-cetera	50000000
Total Initial Investment in the project	426380000
Working capital needed	56500000

Gypsum powder production line

Annual capacity : 70000 Tons Gypsum powder making

Gypsum powder plant capacity 70000 Tons per year	Per Year	Per month	Per day	Per hour
Production in Kgs.	70000000	5833333.3	224358.9744	9348.290598

The global gypsum board market is expected to reach **USD 54.12 billion by 2022**, according to a new report by Grand View Research, Inc. increasing residential.

Board making 10 Million meter Square / Year

Thickness in mm	7 to 18
Width in mm	1220
Length in meter	1.8 to 3

Welcome to discuss •

For project report either, we shall be much reasonable.
Can get Project manager as well right from Start.
